**“How long will you play for?”**

Our standard performance length is 2 hours. This can be divided into 2x60min sets or 3x40 minute sets. We offer a 3 hour performance time option for the add on fee of £250. As standard we pack down at midnight.

**“What are your Technical requirements on the day?”**

The Band requires a space of at least 4 x 3.5 metres to perform. This space should be accessible from the load in area.

We need access to at least 3x13amp sockets. It would also be preferable to have a “Green room” to get ready in which is private and secure.

We also ask that clients provide a hot meal and soft drinks for the act for engagements that exceed 3 hours onsite.

**“Do you take requests?”**

Yes! We can take bespoke song requests in advance of the event (4 weeks minimum). We charge £100 per bespoke song.

**“We would like an acoustic set earlier in the day, can you do that?”**

Of course! We can offer an acoustic duo or trio for 45-60minute set earlier in the day. We charge between £265 and £315 for this add on. This can be with vocals or instrumental.

**“Can you provide a DJ set too?”**

Yes we can provide party music in between sets and following our last set.

**“Can you keep the party going after midnight?”**

We offer a 1am finish for the add on fee of £250

**“How long does it take you to setup and soundcheck?”**

Setup usually takes between 1.5-2hours. This depends on access to the space and the room. Sound check requires us to make some noise to test for feedback. To ensure you have the best sound for your event sound check is required.

**“Do you require parking?”**

We travel with 3 cars and require parking for each. Preferably close to the performance space
